Stay Cool This Summer

At NAPCO Heating & Cooling, we offer quality installation, repair, and maintenance services for all types of air conditioning systems. To help keep your A/C system is running at peak efficiency, we are currently offering several installation and service specials.

Have you scheduled your annual A/C system tune-up, or are you looking to replace a part within your system to improve efficiency?

Just like an annual tune-up for your heating system, annual air conditioning system maintenance is essential to keeping your equipment operating properly. Normal usage along with general wear and tear can reduce your A/C system's efficiency, resulting in increased energy consumption and costs. An annual tune-up will help to identify parts that may need replacement and will help improve the overall performance of your equipment.

Are you interested in installing a NEW air conditioning system?

If your air conditioning system is more than 12 years old, upgrading to a new, energy-efficient model can reduce your annual cooling costs by up to 30%! We supply and install a wide range of reliable A/C technologies including central air conditioning systems that offer quiet, even cooling distribution to keep your home comfortable all summer long. Not only will a new system installation in your home help to conserve energy and related costs, but it will also ensure greater comfort and security, fewer service calls, and an increased value of your home.

A NEWSLETTER FOR OUR VALUABLE CUSTOMERS

Trust NAPCO Heating & Cooling for Even More of Your Home Comfort Services!

Are you looking for a reliable company to call for your plumbing and water fixture needs? We now offer all types of plumbing installations, repairs, and services. No matter how large or small your plumbing upgrade or issue may be, we can provide you with expert service you can trust. If you are interested in installing a new plumbing fixture, if you're in need of an immediate plumbing repair, or even if you are looking for a complete plumbing system remodeling, contact us to learn how we can assist you!

Company Message

To offer more to our valued customers, we have expanded our energy products and services; we've changed our name from NAPCO Oil Heat Corp to NAPCO Heating & Cooling to reflect these new offerings. Along with the reliable fuel oil delivery and heating system service you know and trust, we are now also providing air conditioning and plumbing services and installations.

Our A/C installation and service options include the newest A/C technologies for your summer comfort including high-efficiency mini-split ductless systems. You can also trust NAPCO Heating & Cooling for your plumbing needs, whether you are in need of an emergency repair or you'd like a new plumbing fixture installed in your home.

Please contact our office at (631) 661-0480 to learn more about our new products and services! We look forward to providing you with even more value for your complete home comfort.

Sincerely,
NAPCO Heating & Cooling

Mini-Split A/C Systems: the New, Efficient, and Affordable Cooling Alternative

Mini-split air conditioning systems are small, ductless systems that are comprised of two units, one outside and one inside your home. The two units work together to cool your home more efficiently on average than a conventional wall or window A/C unit. The ductless mini-split design allows for more precise zoning for your comfort and, therefore, reduces the amount of energy used to cool your home. We offer quality, professional installations of these A/C systems. Call our office today to schedule yours!

Schedule your ductless mini-split A/C system installation and receive \$150 off! Call us today at (631) 661-0480 for more information.

**\$150 OFF MINI-SPLIT
INSTALLATION**

We Are The Suffolk County PBA Recommended Vendor!

Here's what our PBA customers are saying...

"I am honored and privileged to be a personal friend of Bob and Tom Nappe, owner operators of NAPCO. I can voice for their professionalism, honesty, and integrity. The Nappe family prides itself on providing impeccable service and has an outstanding reputation. Throughout my 25 years of experience in the fuel oil business, I have never worked for a more reliable company. NAPCO has deservedly received excellent reviews from the SCPD Members who have become loyal customers."

Larry Broesler, Sergeant Marine Bureau SOA Trustee

"I have been a customer of NAPCO Oil for approximately six years. During this time, I have found them to be exceptional in both delivery and service. I am a retired Suffolk County PBA Member and highly recommend their service."

William Dempsey, Retired SCPD

"My name is Bill Holmes, former Vice President of the Suffolk County PBA. I have been a customer of NAPCO for five years and am more than satisfied with the service that has been provided. They treat you with respect and are very reliable. I can confidently recommend NAPCO to all PBA Members. I'm sure you will be as satisfied with NAPCO as I have been."

Bill Holmes, Former Vice President, Suffolk County PBA
